SURVEY RESULTS

Thank you to all who participated in our first 3-in-30 survey on community resource guides! **The responses we received will be extremely helpful in guiding our efforts as we work to create new community resource lists and guides.**

Detailed survey results can be found [here](#).

From your feedback, it is clear that **one of the most widespread needs among providers and clients is a guide to housing resources in Whatcom County**-- creating this resource will be our first priority. Other themes that emerged as common resource needs included **healthcare**, **basic needs**, and **food** (find the most recent Food and Meal Resource Guide [here](#)). We will take these and all your responses into consideration as we continue to work on compiling resources into specialized lists throughout the coming months.

Stay tuned for more information coming soon, and please continue to lend us your voice as we create more 3-in-30 survey opportunities in the near future.
