Spotlight on **ASSET BUILDING**

To date, over half of all Americans have been economically impacted by COVID-19, but even before the pandemic began a staggering 40% of Americans could not cover a \$400 emergency. Understanding and actively managing our financial lives has never been more important.

To promote our partnership with the Whatcom Asset Building Coalition, we are introducing a new feature to the newsletter. Whenever you see the dollar sign icon beside a posting (see event below), it is there to highlight a financial offering in the form of a resource, service, educational opportunity, or event. We hope this will increase access to the information you need to grow your own financial capabilities, as well as that of the people you serve.

This week we are pleased to highlight an upcoming asset building event:

RENTAL ASSISTANCE

Opportunity Council's Rental Assistance programs will have more appointments available beginning Monday, August 3rd.

A limited number of appointments will be available to assist income-eligible Whatcom County tenants who have been economically impacted by COVID-19, and have rent in arrears.

Please see [flyer](#) for details.
