

Housing to Try in Whatcom County

Disclaimer: This list does not indicate current vacancies nor is it a comprehensive list of all agencies and property management companies available in the county. Management companies/landlords typically cover water, sewer, and garbage for apartment units and the tenant is typically responsible for electricity, internet, and cable. Home rentals more commonly require tenants to pay all utilities. Always verify applicant requirements and other information directly with the property or management company before applying. If you do not meet specific income, credit, rental history, or criminal background requirements, you may be asked to provide a co-signer, pay an increased deposit, or some other alternative.

If you are interested in applying for Public Housing through the **Bellingham and Whatcom County Housing Authorities**, check waitlist availability at the following site:

Additional housing resources can also be found at the **Whatcom Resource Information Collaborative (WRIC)** website under housing:

If you are interested in renting a room through the City of Bellingham's partnership with Nesterly, visit the **Bellingham Home Sharing Program** website:

2026 Area Median Income (AMI) and Annual Income Limits

The area median income (AMI) is the midpoint of a region's income distribution, meaning that half of households in a region earn more than the median and half earn less than the median. A household's income is calculated by its gross income, which is the total income received before taxes and other payroll deductions. The US Department of Housing and Urban Development sets regional maximum annual income limit eligibility requirements for affordable housing applicants.

2026 Median Family Income and AMI Limits [\(per HUD\)](#): \$123,300

Household Size	1	2	3	4	5	6	7	8
30% AMI	\$25,050	\$28,600	\$32,200	\$35,750	\$38,680	\$44,360	\$50,040	\$55,720

2026 [FMR Limits](#) and Average Utility Costs for Apartments in [Whatcom](#)

Per HUD, The Fair Market Rent (FMR) limits are defined as the gross rent (rent plus utilities) for a given area that a renter seeking housing today would need to pay for privately owned, decent, and modest (non-luxury) housing. They are also used to calculate flat rents in public housing. Utility estimates based on US Housing and Urban Development's regional Utility Allowance Schedule for multi-family apartments in Bellingham.

	Studio	1-bed	2-bed	3-bed	4-bed
FMR	\$1,463	\$1,493	\$1,794	\$2,495	\$3,010
