Opportunity Council, with generous support from Amerigroup, has recently opened a Teleservice and Mobile Charging Booth located at 625 Cornwall. Access to an iPad has now been added to enhance the service. The iPad service is intended for community members needing access to web browsers and web-based teleservice platforms. Socially distanced booths are set up weekdays to provide access to a phone, iPad, as well as for charging personal cell phones. The booths are open to anyone needing access to phones/iPad/charging during our normal 625 Cornwall hours (Monday-Friday 9-12 & 1-4). The booths are sanitized regularly and rules are in place to practice social distancing.
